Bronze accents for day

This rich color works on cheeks, but you can also swipe a cream bronzer like Nars The Multiple in Lamu (\$39, narscosmetics.com) across lids and even tap some onto lips. Add highlighter (a light iridescent cream) on the Cupid's bow (that little V above your lip), and finish with glimmering gloss. Try Revlon Colorburst Lipgloss in Gold Dust (\$5, at drugstores).

Opposite page: Stila Magnificent Metals Eye Shadow in Metallic Dusty Rose, Metallic Lavender, and Comex Platinum (\$32 each, stilacosmetics.com).

Smoldering gold for evening

"Imperfection makes this bold look approachable," says Purdue. Line eyes in black pencil (including waterlines), and sweep a pewter cream color like Shiseido Shimmering Cream Eye Color in Tin (\$25, shiseido.com) over lids up to the crease. Dip a brush in liquid or cream gold (try Make Up For Ever Aqua Cream in #11, \$23, sephora.com), and make light strokes around eyes. Sweater, Lyn Devon.
